crimination should be made in fay r of those productions upon which American labor depends, in imposing duties upon foreign imports; that such is now, more than ever, the duty of the Government in justice to the soldiers returning to industrial pur-

plause, and adopted unanimously. GENERAL CED. At this point Major General Ord appear-

ed on the platform, and was introduced to the convention amid loud applause THE VOTING BULE AGAIN. The States reported their apportionment of yotes under the rule adopted this morning, Ohio being as follows: Cincinnati, 10

LETTER PROM JOHN BRIGHT. A letter from John B ight, dated Lon. don June 10th, in reply to an invit tion to attend the Convention, was read. It con cludes: "The project of your Convention gives me great pleasure. I hope it will lead to a renewal of commercial intercourse with the British North American Provines, for it will be a miserable thing, if, because they are in communication with the British Orown, and you acknowledge as your Chief Mugistrate your President at Washington, there should not be a commercial intercourse with them, and you as free as if you were one people and living under one government. I have felt that when your people, so free and so instruct-

commerce, they will soon discover what is true and adopt it, and I shall look with confidence for the most beneficial results from the discussions into which you are about to enter. Whatever tends to promote harmony and commercial dealings between the United States and Canadas will be favorably regarded by every intelligent statesman in this country." THE LAKE SURVEY.

A letter from Col. Reynolds, of the Lake Survey, inviting the Convention to visit Captain John C. Martin to M.-jor. his office and examine the charts, was received, and the Committees on Commerce and Lake and Harbor Improvements were instructed to make the visit,

The Committee on Transit, through Hon D. C. Little) han, of ()swego, submitted their report in the form of resolutions. The preamble sets forth the necessity to increased water facilities between the East

The first resolution urges the construction by the Government of a ship canal around Nisgara, as a military and commercial necessity.

The second resolution indicates the advantageous thoroughfares that would be

opened by such improvement. The third resolution shows the duty of New York to enlarge the shortest water communication between the lakes and sea-

The fourth resolution sapeion at the proposed enlargement of the

Welland and St. Lawrence canals. The fifth resolution indicates that in the event of the negotiation of any treaty of reciprocity between the United States and the British provinces, our government should be careful to secure a guarantee of steamers of not less than 1000 tone cargo to pass from Port Colborne to tide water. The sixth resolution congratulates St. Louis upon the opening of the Mississippi. The seventh resolution recommends that the question of time enter into all the con-

principal railroad lines. A minority report was offered, directing from the provisions of the majority re part, in reference to the Niagara canal, and advocating the adaptation of the canals of the State to the exigencies of the trade. A spirited discussion ensued upon the question thus brought into Assue, which was participated in by a doz m or more delegates, including several from the Provinces, when the final disposition was postponed till to-morrow.

tracts for the danvery of traight in all the

MISCRELLANGOUS BUSINESS. The Committee on Miscellaneous Business recommended the adoption of the resolutions of R. T. Lyon, of Cleveland, Mr. Converse, of Boston, and Mr. Hill, of Boston, which were submitted this morning. The Convention then adjourned to nine o'clock to-morrow morning. E. C. H.

DETROIT, July 12

sorning, and the balance of the committees were appointed.

Mr. Fesmmon, of Chicago, offered a res-

olution to change the basis of voting so as to make it according to the population of the cities. The resolution was rejected. Mr. Spammon then mounted on a seat and protested against the action of the Convenm and concluded by a declaration that the Chicago delegation would withdraw from the Convention in consequence of it. This led to w great tumult. The President rend a resolution raising

special committee to consider the subject of The Convention took a recess. SECOND DISPACTE.

Among the resolutions proposed in the Convention was one for a decimal system of weights and measures, and for a uniform system of measuring liquids in the saveral States.

The special committee on representation in the Convention reported that each State shall have the same each State has on the electoral college, de ducting therefrom one vote for each assoeach delegation to determine the manne in which the remaining votes of each State

will be given.

The Chicago de'orates expressed satisfaction with the arrangement, and with-drew their protest. Had not this arrangement been effected Buffalo would have gone with Chicago and the convention ould have been an abortion.

Pruyn, of Albany; Sayton, of Missouri Hill, of Beston; H. P. Bridge, of Detroit Date, of Bangor; Satine, of Massachusetts, and Henry E. Prentice of Maine, were added to the Reciprocity Committee.

AFTERNOON SESSION. The Convention adopted the following solution.

Resolved, That it is the duty of Congress

Resolved. That it is the duty of congress to regulate commerce with foreign national in such a manner as to increase the resources of the government for the payment of the national debt, to promote independence and prosperity to the country, and effectually protect the labor and industry of the people of the United States against the conflicting policy of other nations.

Here General Ord appeared and was received with several rounds of cheers.

A letter was read from John Bright regretting his inability to visit America and the Convention, and favoring reciprocity, Mr. Littlejohn, from the Committee on

send and Davis of Cincinnati; but before

POSTPONED. Poughkerpsie, July 12. The boat race which was to have taker place at Cornwall, on the Hudson river, to-day, between McCall and Delsoy, for a purse of \$1,000, was postponed until to-morrow on account of the roughness of the

The great four-oared race between Poughkeepsie and New York crews for \$6,000 and for the championship of Ameri-ca, the largest prize ever rowed for on the Hudson river, will come off opposite this city on Tuesday next.

THEAMURY MATTER

New York, July 12. The Times learns that Collector Draper paid yesterday into the Treasury \$4,200,000 in gold, being the proceeds of recent sales of cotton and other seized or aban-doned property. Money arising from these sales is no longer a special fund, but it goes into the Treasury (general) account, and persons having demands for property of the kind specified as seized or destroyed by the Government, will have to prome cute their cases before the court of claims and, if successful, wait for special appropriation by Congress to do them justice.

Thirty vessels were sold at auction to-day by order of the Government, all steamers but two, realizing prices larger than was satisfipated, viz: from \$5,600 to \$81,500. The total amount of the purchase money was \$933,900. One of the vessels is to be prepared as a yacht to take a party to Newfoundland to witness the laying of the shore end of the Atlantic cable. General Hooker will assume con pere Monday.

Washington, July 12. The following, among other appoint have been made: Alexander Sharp, Richmond, Va; Pres
